less than 1/3 HP: Dodge/2 and Move/2 (round up).

0 HP or less: Make a HT roll at -1/full multiple of HP below 0 vs. unconsciousness at the

start of your next turn and any turn you choose a maneuver other than Do Nothing.

-1xHP or less: Make a HT roll vs. death immediately and for every full multiple of HP below

-5×HP or less: Immediate death

FP loss effects are cumulative with each other and any effects suffered from HP loss.

less than 1/3 FP: Dodge/2, Move/2, and ST/2 (round up); ST

loss does not effect ST-based quantities, such as HP and damage.

0 FP or less: Make a Will roll vs. incapacitation before any maneuver other than Do Nothing, on a critical failure make an immediate HT roll vs. heart attack; every point of FP loss

causes an equal loss of HP.

-1*FP or less: Immediate unconsciousness; you can no longer lose FP, further FP costs are lost from your HP instead.

NOTES

Physiology Modifiers (B181)

The following skills deal with the health, function, or vital points of living beings: Body Language, Diagnosis (p. 187), First Aid (p. 195), Physician (p. 213), Pressure Points (p. 215), Pressure Secrets (p. 215), and Surgery (p. 223). These skills work as written when working with members of your species. When dealing with a member of another species, apply the following modifiers:

- Species with similar physiology: -2 (human vs. Elf) to -4 (human vs. troll).
- Species with very different physiology, but still from your world: -5. This includes all normal animals.
- Utterly alien species: -6 or worse (GM's option).
- Machine: No roll possible! These skills do not work at all on creatures with the Machine meta-trait (p. 263).

A successful roll against a suitable skill lets you avoid these penalties. This roll is usually against the relevant racial specialty of Physiology, although Biology-4 suffices for common animals.

Berronar Truesilver

Berronar Truesilver is the dwarf goddess of Safety, Truth, Home, and Healing.

Followers

Berronar's clerics are known as faenor which translates as "those of the home". Faenor serve as the guardians and protectors of dwarven clans. They archive the lore, traditions and family histories of the dwarves. By acting as teachers and healers they aim to further the good health and good character of the dwarven race. Serving as the moral compass of the dwarves they can be very conservative and they do not tolerate foolhardiness and controversial ideas in young dwarves. Their patience has definitely been taxed by the number of twins from the Thunder Blessing. In the rigid church structure, every cleric knows his or her place, and every clan's church is built to look alike. This is done so visitors from other clans know exactly where they fit in. Berranor runs her church like a strict, but loving mother. Faenor rarely multiclass, but those who do typically become dwarven defenders or fighters.

Rituals

The faenor pray for spells at dawn. They organise many mundane rituals for the dwarf communities, but are best known for their marriages. Their reputation in organising marriage ceremonies is so wide-spread that even some non-dwarves ask a faenor to lead their marriage. Each year, offerings of silver are made to Berronar, usually coupled with a small white flower as to show appreciation for Berronar's motherly love towards all dwarves.
